

About Us

The cornerstone of an extraordinary community is an extraordinary medical center. Gifts to the Covenant HealthCare Foundation have helped Covenant HealthCare become that extraordinary medical center to care for people throughout central and northeast Michigan.

Promoting and encouraging charitable giving from Covenant employees, volunteers, physicians and community members, the Covenant HealthCare Foundation uses these resources to fund many hospital needs throughout the year.

Extraordinary care for every generation.

About the Nursing Society

The Covenant HealthCare Nursing Society recognizes the dedication and extraordinary care provided for every generation by Covenant nurses. Membership in the Nursing Society validates not only an outstanding work ethic and commitment, but also a belief in giving back. Members ensure cutting edge equipment is coupled with the best delivery of services and available to a community that has come to expect and receive outstanding health care. Your professional daily dedication impacts others immeasurably.
